

NEXT STEP IN THE BAY SHORE SALE

The Commissioners Will Give a
Joint Bond and Fix Time
of Sale.

WATER FOR JAMESTOWN

Pipes Must Go Across Tanner's
Creek With Government
Permission.

(Special to The Times-Dispatch.)
NORFOLK, VA., March 19.—The next step in the matter of the sale of the Bay Shore Railroad, which was ordered by Federal Judge Waddill Saturday, will be the giving of a joint bond by the commissioners to make sale of the re-ownership property as a whole, and then the meeting of the commissioners to fix a time and place in Norfolk for a public sale of the road. The commissioners will also name an auctioneer to sell the road, and the auctioneer will be named by the commissioners. The sale of the road is likely to be sought by a number of local auctioneers. The Bay Shore cost about \$800,000 first and last, and it is expected that it will sell for considerably more than the upset price of \$300,000 fixed by the court.

A telegram to-day from Harry McCoy to his father, James E. McCoy, announces that the former has been chosen final president of the Washington Literary Society at the University of Virginia. He was graduated from the High School, and took first prize in the oratorical contest and won the University of Virginia scholarship.

Superintendent R. Henry Jones, of the water department, said to-day that the ordinance of the Council appropriating \$50,000 for the laying of the city water mains to the site of the Jamestown Exposition, having become a law, City Engineer Brooke will be requested to present drawings for the crossing of Tanner's Creek with the main so that application for crossing can be made to the Federal government. The idea is to cross the creek with the pipes at the Tanner's Creek bridge, but has not yet been determined whether the pipes will be submerged or run under the bridge.

ASHLAND AFFAIRS.

Frank H. Cox Appointed Deputy
Treasurer of Hanover.

(Special to The Times-Dispatch.)
ASHLAND, VA., March 19.—Dickinson College, of Carlisle, Pa., will pay Randolph-Macon on the grounds here March 25th. The games of principal interest this year will be on April 21 in Richmond, with Richmond College; April 22th, with Randolph-Macon Academy at Ashland; and April 23rd, at Blacksburg, Va., with V. P. I.

Mr. Frank H. Cox, of Ashland, has been appointed deputy treasurer of Hanover county to assist Mr. W. P. Shelton. He will have charge of the taxes of the county and State for the town of Ashland.

Miss Annie Rucker, of Manchester, Va., is visiting Miss Mattie McCullen, at Gwathmey, near here.

Mr. and Mrs. Meade Addison, of Richmond, were visitors in Ashland Saturday.

President Blackwell, of Randolph-Macon College, returned to-day from the University of Virginia, where he was one of the judges in the intercollegiate debate there between the University of Virginia and Johns Hopkins.

Mrs. Horace G. Buchanan is visiting for a few days in Farmville, Va. Mr. Sam Carter will commence at an early date the building of a residence on the land adjoining Ashland formerly owned by Mr. Ladew. The home will be adjacent to Mr. W. E. Woolfork.

Mrs. J. B. Lawrence, who has been visiting her daughter, Mrs. Pierce, in Charlottesville, Va., has returned to her home in Ashland.

The Hanover Club entertained Mr. J. E. Cox and Mr. S. J. Deswell at a smoker at the Hanover Club rooms on Saturday night.

Mr. Scott, of Petersburg, filled the pulpit of St. James Episcopal Church here to-day.

Mr. and Mrs. Hugh Denoon, of Richmond, were guests during the week of Mr. and Mrs. Morgan Shepard.

The Petersburg Male Quartette and Misses Mary Starr will appear at the college chapel on the night of March 26th. The entertainment will be for the benefit of the Athletic Association of the college.

A special rehearsal of the Ashland

We Will Buy

You a Bottle of Likozone and Give It to You to Try.

We make few claims of what Likozone will do. And no testimonials are published to show what it has done. We prefer that each sick one should learn its power by a test. That is the quickest way to convince you.

So we offer to buy the first bottle and give it to you to try. Compare it with common remedies; see how much more it does. Don't cling to the old treatments blindly. The scores of diseases which are due to germs call for a germicide. Please learn what Likozone can do.

What Likozone Is.

The virtues of Likozone are derived solely from gasses, by a process requiring large apparatus, and from 8 to 11 days' time. No alcohol, no narcotics are in it. Chemists of the highest class direct the making. The result is to cleanse from these harmless gasses a powerful germicide.

The great value of Likozone lies in the fact that it is deadly to germs, yet harmless to you. Germs are of vegetable origin, and this gas-made product when absorbed by the system, acts as a powerful germicide. Some destroy vital organs, as in consumption. Some like the germs of Catarrh create inflammation, some cause indigestion. Directly or indirectly, nearly every serious ailment is a germ result. Such diseases call for

NOTICE!

The business office of The Times-Dispatch closes every night at 9:30 P. M. excepting Saturday. The closing hour on Saturday is midnight.

Every Night, Saturday Included

as advertisements cannot be accepted for classification in the following day's paper after that hour.

Choral Club, under the direction of Dr. DeJers, conductor of the Wednesday Club, will be held in Ashland, February 26th.

An entertainment by Polk Miller will be given here on the night of March 22d at the public school building for the benefit of the school fund.

Mrs. I. N. Vaughan and family, who have been spending the winter in Richmond, will return to Ashland on April 1st to resume their summer residence near here.

Mr. Sackett Duell, of Syracuse, N. Y., who married Miss Louise Child, of this place, is in Ashland for a few days' visit. Mrs. W. L. Lumpkin, of Hanover county, died at her home to-day near Independence Church, in this county.

Rev. W. B. Evans, of Richmond, will conduct services in St. James Episcopal Church next Tuesday afternoon at 5 o'clock. Rev. Mr. Ridout will conduct special services in the same church Friday afternoon.

DIRECTORS ELECTED.

Angier Duke the Youngest Railroad Director in the Country.

(Special to The Times-Dispatch.)

DURHAM, N. C., March 19.—The directors of the Durham and Southern Railroad, which will begin operation about the 15th of April, were elected at a meeting of the stockholders held in Durham last Saturday. They are as follows: Messrs. B. N. Duke, Angier B. Duke, George W. Watts, C. W. Toms, W. A. Erwin, J. B. Mason, F. L. Fuller, R. I. Chesterham, Lawrence S. Holt and J. E. Stagg.

Mr. Angier B. Duke, son of B. N. Duke, is probably one of the youngest railroad directors in the country, but is said to be a business man of ability.

At a recent meeting of the Republican Executive Committee Mr. C. T. Pearson was elected chairman for the new campaign. Mr. Pearson was a candidate for the Legislature in 1902 and was defeated by Mr. Jones Fuller. The Republicans are preparing to go into the field with a full ticket, and it promises to be a hot campaign.

A new Episcopal Church will soon be erected, which will cost in the neighborhood of \$20,000. A meeting of the vestry of the present Episcopal Church was held last week, and at this meeting the work was ordered to commence at once. The new church will be erected on the site of the present church, and will be a beautiful structure built of brick granite.

Mr. W. A. Erwin is having erected in West Durham a small \$2,000 Episcopal Church, in memory of his father and mother. The church is near completion and is a handsome little structure.

THE TUSCARORA.

First Excursion to Beach Park Easter Monday.

(Special to The Times-Dispatch.)

WEST POINT, VA., March 19.—The handsome steamer yacht, "Tuscarora," belonging to Mr. Jennings, of the Standard Oil Company, has been cruising in the waters around about West Point, and is now steaming away down the York River. Mr. Jennings is accompanied by his family and half a dozen gentlemen, who did not see fit to divulge their identity. They will return to Norfolk, where they spent several days before coming here.

Mr. George Governor, Jr., and family, who are getting ready to open the Terminal Hotel April 15th, have a suite of rooms there until the formal opening. They expect to run an excursion down Easter Monday.

Work will be pushed looking to an early opening of Beach Park, with many new attractions for the coming season.

DEWEY'S MEN WORN OUT.

Had a Hard Time, But Are in Good Spirits.

(Special to The Times-Dispatch.)

NEWPORT NEWS, VA., March 19.—The latest word from the floating dock Dewey was brought yesterday by the British steamer "Bumby." Captain Thomas left Las Palmas March 12th. He states that the Dewey expected to leave that port in a few days.

In his opinion the Dewey appeared to be having the worst troubles with her pontoons. The tedious journey across the Atlantic had worn out the sailors and men of the vessel, but all about good spirits.

The Burnby brought the Dewey's mail to Newport News.

BOOKER CONVICTED OF FIRST DEGREE MURDER

Plead That He Was Drunk, and Did Not Know What He Was Doing.

(Special to The Times-Dispatch.)

FARMVILLE, VA., March 19.—A verdict of murder in the first degree was rendered to-day in the case of Robert Booker (colored), who killed Charles B. Brown, another negro, with a shotgun at Rice's Depot the night of January 29th.

The prisoner was apparently unmoved by the verdict. He was handcuffed and returned to jail to await the sentence of the court. When brought into court this morning the prisoner had no counsel, and Judge Hundley appointed Judge J. M. Crute to conduct the defense. The plea to-day was that he was drunk and killed his man in self-defense. The jury was not long in arriving at a verdict, and no motion to set it aside was made. The criminal docket is a lengthy one, and court will probably be in session for ten days.

A LIGHTSHIP.

Will Petition Congress for One Off Cape Henry.

(Special to The Times-Dispatch.)

NORFOLK, VA., March 19.—The Board of Trade and the Business Men's Association are advocating the establishment of a lightship six miles east of Cape Henry, and from assurances received from Washington the success of the project seems now a possibility.

For several months the committee has circulated petitions among shipowners, shipmasters and pilots of vessels which regularly pass in the Virginia Capes bound for Norfolk, Newport News, Richmond, Baltimore, Washington and the various rivers tributary to the Chesapeake, and these petitions, signed by hundreds of navigators, have been forwarded to Congressman Maynard to be presented to the chairman of the congressional committee to whom the matter may be referred.

The petition recites that the lightship is needed at the point indicated by vessels bound in the Capes as a fixed point to run for in thick weather and also to proceed with safety in by Cape Henry. It further states that a lightship at this point would prevent many vessels being driven ashore on the Virginia and North Carolina Coasts, where so many wrecks have occurred in recent years.

The petition states that Cape Henry Lighthouse is not of any use in thick weather, and that during the easterly storms the weather is usually so thick that a vessel cannot run close enough with safety to see the lighthouse on land. Under such conditions, the petition says, a lightship would be valuable to navigators, as it would enable them to steer directly for a fixed point.

A lightship at this point would answer the purpose of a "fairly way light." It can be placed that WNW, course would be safe to clear Cape Henry, Tail of the Horseshoe Lightship and on the Tumble Light. It would serve as a valuable aid to vessels bound in the Capes from the southward or the eastward, also to the vessels from the northeast. In the event that they fail to make Cape Charles Lightship, which is often the case in thick weather.

Captain J. W. McCarrick, president of the Board of Trade and Business Men's Association, has written a letter to each member of Congress and requested that Congressman Maynard be called upon for further details of the matter.

CULPEPER COURT.

Three High License Applicants. Many Horses Sold.

(Special to The Times-Dispatch.)

CULPEPER, VA., March 19.—The grand jury to-day indicted the notorious Marion Brook, a former penitentiary convict from this county, for assault with intent to kill one John Lewis colored. Under Culpeper's high license for saloons, it being \$1,000, the court granted licenses to three applicants.

At the large horse market here to-day from seventy-five to a hundred horses were sold.

50c. Bottle Free.

If you need Likozone, and have never tried it, please send us this coupon. We will mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it to-day, for it places you under no obligations whatever.

Likozone costs 50c. and 8c.

SOUTHERN HAD 'PHONES READY

Would Have Connected Them With Telegraph Wires Had There Been Strike.

GOOD WAGES GETTING SCALPS

Patterson and Lee Pay a Farmer to Clear Preserves of Raptorial Fowls.

(Special to The Times-Dispatch.)

SPENCER, N. C., March 19.—Anticipating a possible strike among its operators, the Southern Railway Company a few days ago ordered a large quantity of telephones and distributed the instruments to all points along its system, a card being sent to Spencer for distribution in North Carolina. It is learned that it was the purpose of the company, in the event of a general strike among the telegraphers, to place the 'phones in general use at all stations connecting the same by using the telegraph wires.

It is stated that some of the 'phones were placed ready for use since the differences between the Railway Telegraphers' Association and the Southern Railway officials have been amicably settled it is understood that the instruments will be returned.

It is not believed that the large number of trains could be successfully operated by the use of 'phones.

Messrs. Patterson and Lee of New York, who have extensive hunting preserves leased near Spencer this year, have employed Mr. J. W. Grub, a farmer, to catch the hawks, minks, owls and other raptorial fowls which have been a menace to the game state preserves, offering a liberal reward for each scalp taken. Mr. Grub walked into Spencer Saturday and reported the capture of sixty-one hawks, thirty-five minks, a large number of owls, besides many other scalps taken on the preserves. For each scalp Mr. Grub was paid 25 cents and was able to sell some of the mink skins for \$2 each.

CHESTERFIELD COURT.

Dunlop Park to Be Converted Into Town Lots.

(Special to The Times-Dispatch.)

CHESTERFIELD, C. H. VA., March 19.—Declaration was to-day filed by the attorneys for W. H. Lane, who sues the receivers of the Virginia Passenger and Power Company for \$5,000 for ejectment from one of the inter-urban street cars near Chester. The plaintiff alleges that he ordered from the Petersburg agent a ticket to Richmond, but was told on arrival at Chester that his ticket was to that station and refused further transportation by the conductor.

A map of "Dunlop Park" on Swift Creek and the Manchester and Petersburg trunks, has been admitted to record in the county clerk's office, showing the subdivision of a twenty-acre tract into about 25 three-foot lots. The new town lots comprise a part of old Ellerslie farm on which the fine old Deane house stands.

Timbered lands continue to bring fine prices throughout the county. Mr. H. A. Wells on Saturday added to his saw mill supply the timber on 216 acres of Mr. M. A. Belcher and others at \$7,500. The county treasurer's latest report, recently filed, shows the comfortable balance in hand of about \$8,000 exclusive of school funds, with all county warrants promptly paid.

Mr. A. Brundage and Mr. H. A. Wells are each building on newly purchased tracts of land near the courthouse.

Miss Edna Coghill, who has had typhoid fever for several weeks, is now convalescing.

DR. VINE'S ORTHODOXY.

His Own Church Upholds Him, But Others Criticize.

(Special to The Times-Dispatch.)

NORFOLK, VA., March 19.—There is a wide division in the ranks of the Baptists of this city and vicinity, created by the sermons Dr. W. M. Vines has preached on this question: "Has Modern Science Reconstructed the Bible?"

Dr. Vines, his opponents, takes a higher critical review of the Scriptures, while the members of his congregation warmly defend him as entirely orthodox. His position was extensively and vigorously discussed in to-day's meeting of the Baptist preachers of the city.

The learned Doctor had his opponents there as well as his supporters. Among those opposing him were the Rev. Dr. Calvin S. Blackwell, pastor of the First Baptist Church; Rev. Dr. A. J. Fristoe, of the Park Avenue Baptist Church, and Rev. Dr. Garretts, of the Park Avenue Baptist Church.

The ministers finally adopted resolutions, but not without opposition, declaring that they were satisfied that the reports in the newspapers were incorrect.

LYNCHBURG CUT OFF.

Norfolk and Western to Build Line from Forest to Concord.

(Special to The Times-Dispatch.)

LYNCHBURG, VA., March 19.—It was learned definitely to-day that the Norfolk and Western has decided on the construction of a line, which is to be constructed to avoid the heavy grades on the present route and to relieve the congestion in the yards in the city. The belt will leave the present line near Forest and return to it near Concord, and will be about twenty-three miles long, existing about three miles. The plans include a transfer of freight at a junction in South Lynchburg with the Southern and Durham division of the Norfolk and Western. The belt will be single track, though the right of way is being bought with a view to eventually making it a double track. It is expected the work will be done during the summer.

LOCAL OPTION FIGHT.

The City of Winchester Much Stirred Over Coming Contest.

(Special to The Times-Dispatch.)

WINCHESTER, VA., March 19.—In the local option election at Winchester on Thursday next, March 23d, the church is arrayed against politics, and the issue between the "wet" and the "dry" ticket is sharply defined. Many of the leading people of the town are strongly opposed to local option and the business men say that prohibition is a decree in property values. The anti-saloon element, backed by the influence of the various churches, declares that the saloon must go, and the contest has developed into a bitter struggle. Local option was tried in Winchester nineteen years ago and it turned out to be a

Southern Interstate Bank

Will open for business before the expiration of the present month with an authorized capital of \$975,000, divided into shares of the par value of one dollar each. The stock will continue to be sold at one dollar per share for a limited period, when the price of same will be advanced as circumstances may warrant. This stock offers an

Exceptional Opportunity

for a safe and profitable investment, and in order to distribute the holdings among the people, subscriptions are accepted in ANY SUM FROM TEN DOLLARS UPWARD, payable either in cash or in ten monthly instalments.

As a rule the stock of a Bank, when in course of formation, is divided among a favored few, and people of moderate means hardly ever have an opportunity of subscribing to same. The SOUTHERN INTERSTATE BANK has been formed distinctly as the people's institution, and this alone assures its substantial success. It is an acknowledged fact that the stock in a well conducted Bank ranks in security next to Government bonds, while in earning power and corresponding advance in value, it excels any other form of safe investment. The opportunity to subscribe NOW to the stock of the SOUTHERN INTERSTATE BANK at par—without bonus or advance—should be embraced by every prudent man or woman capable of investing one or more dollars a month. Call on, or write to
